## **Course Description** (from catalog):

Functions used in calculus including polynomial, rational, exponential, logarithmic, and trigonometric. Systems of equations and inequalities, conic sections, polar and parametric equations, sequences and series, and Binomial Theorem. PR: ACT 24 or MTH 127 or MTH 130.

The table below shows the following relationships: How each student learning outcomes will be practiced and assessed in the course.

Course Student Learning Outcomes	How student will practice each outcome in this course	How student achievement of each outcome will be assessed in this course
Student will demonstrate and apply knowledge of properties of functions, including polynomial, rational, exponential, logarithmic and trigonometric.	Students will practice this outcome by doing homework and in class activities.	Students will be assessed on this outcome using quizzes and tests.
Student will perform basic operations and solve applications using vector algebra.	Students will practice this outcome by doing homework and in class activities.	Students will be assessed on this outcome using quizzes and tests.
Students will use properties of arithmetic and geometric sequences and series to identify terms, find sums and solve applications.	Students will practice this outcome by doing homework and in class activities.	Students will be assessed on this outcome using quizzes and tests.

#### **Required Texts, Additional Reading, and Other Materials**

- 1. The required text is <u>Algebra and Trigonometry</u> by James Stewart, 4<sup>th</sup> Edition.
- 2. A graphing calculator is required for this course. I suggest either a TI-84 or a TI-Nspire.
- 3. Students must also have an MU computer account for email.

## **Course Requirements/Due Dates**

All due dates can be found in the course schedule.

#### Grading Policy

**Student Assessment:** Students will be assessed using various methods, such as assigned homework and exams. Homework will be due after the completion of each chapter. It will be graded and returned promptly for the students' review before each test. There will be a total of four exams and a final.

Grading Scale:	100%-90%	Α		
	89%-80%	В		
	79%-70%	С		
	69%-60%	D		
	59% and below	F		
Note: Please note that an incomplete cannot be given unless the student completes 75% of

## **Attendance Policy**

Attendance will not be taken, but students are strongly urged to attend since points may be lost by not turning in assignments and/or missing exams. Tests and assignments can only be turned in and/or made up if the student is present or has a university excused absence. Please consult your handbook for excused absences and the required documentation for excuses.

When in attendance I expect each student to behave respectfully. You must not only have respect for me, but respect for your fellow classmates as well. If your actions become disruptive or distracting for me or another student, you will be asked to cease your behavior. If you choose to continue, you will be asked to leave. Disruptive behavior may include, but are not limited to the following: cell phone use in class, talking during class, and the use of iPods or MP3 players during class.

### **Tutoring Services**

Tutoring services are available in Smith Music Hall 115 daily. The schedule will be posted on the door after the first week of classes. I strongly suggest that you take advantage of this **FREE** service.
